The background of the entire image is black, overlaid with numerous thin, white, curved lines that sweep across the frame from top to bottom, creating a sense of movement and depth. The lines vary in curvature and direction, some following a similar path while others cross or diverge.

CORK ARTISANS

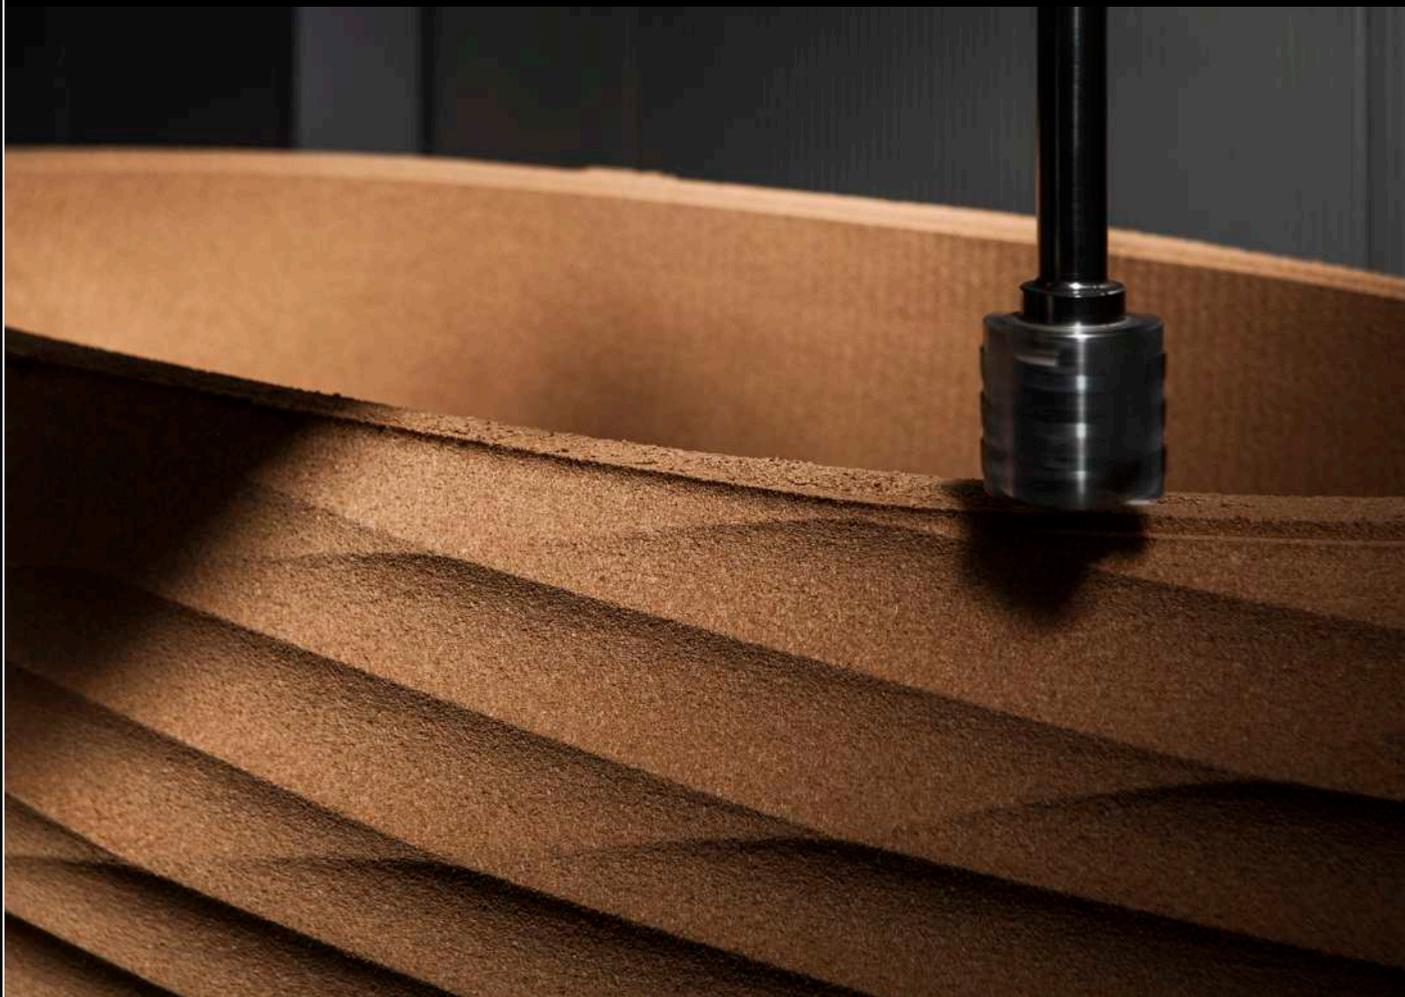

NUSPA COLLECTION

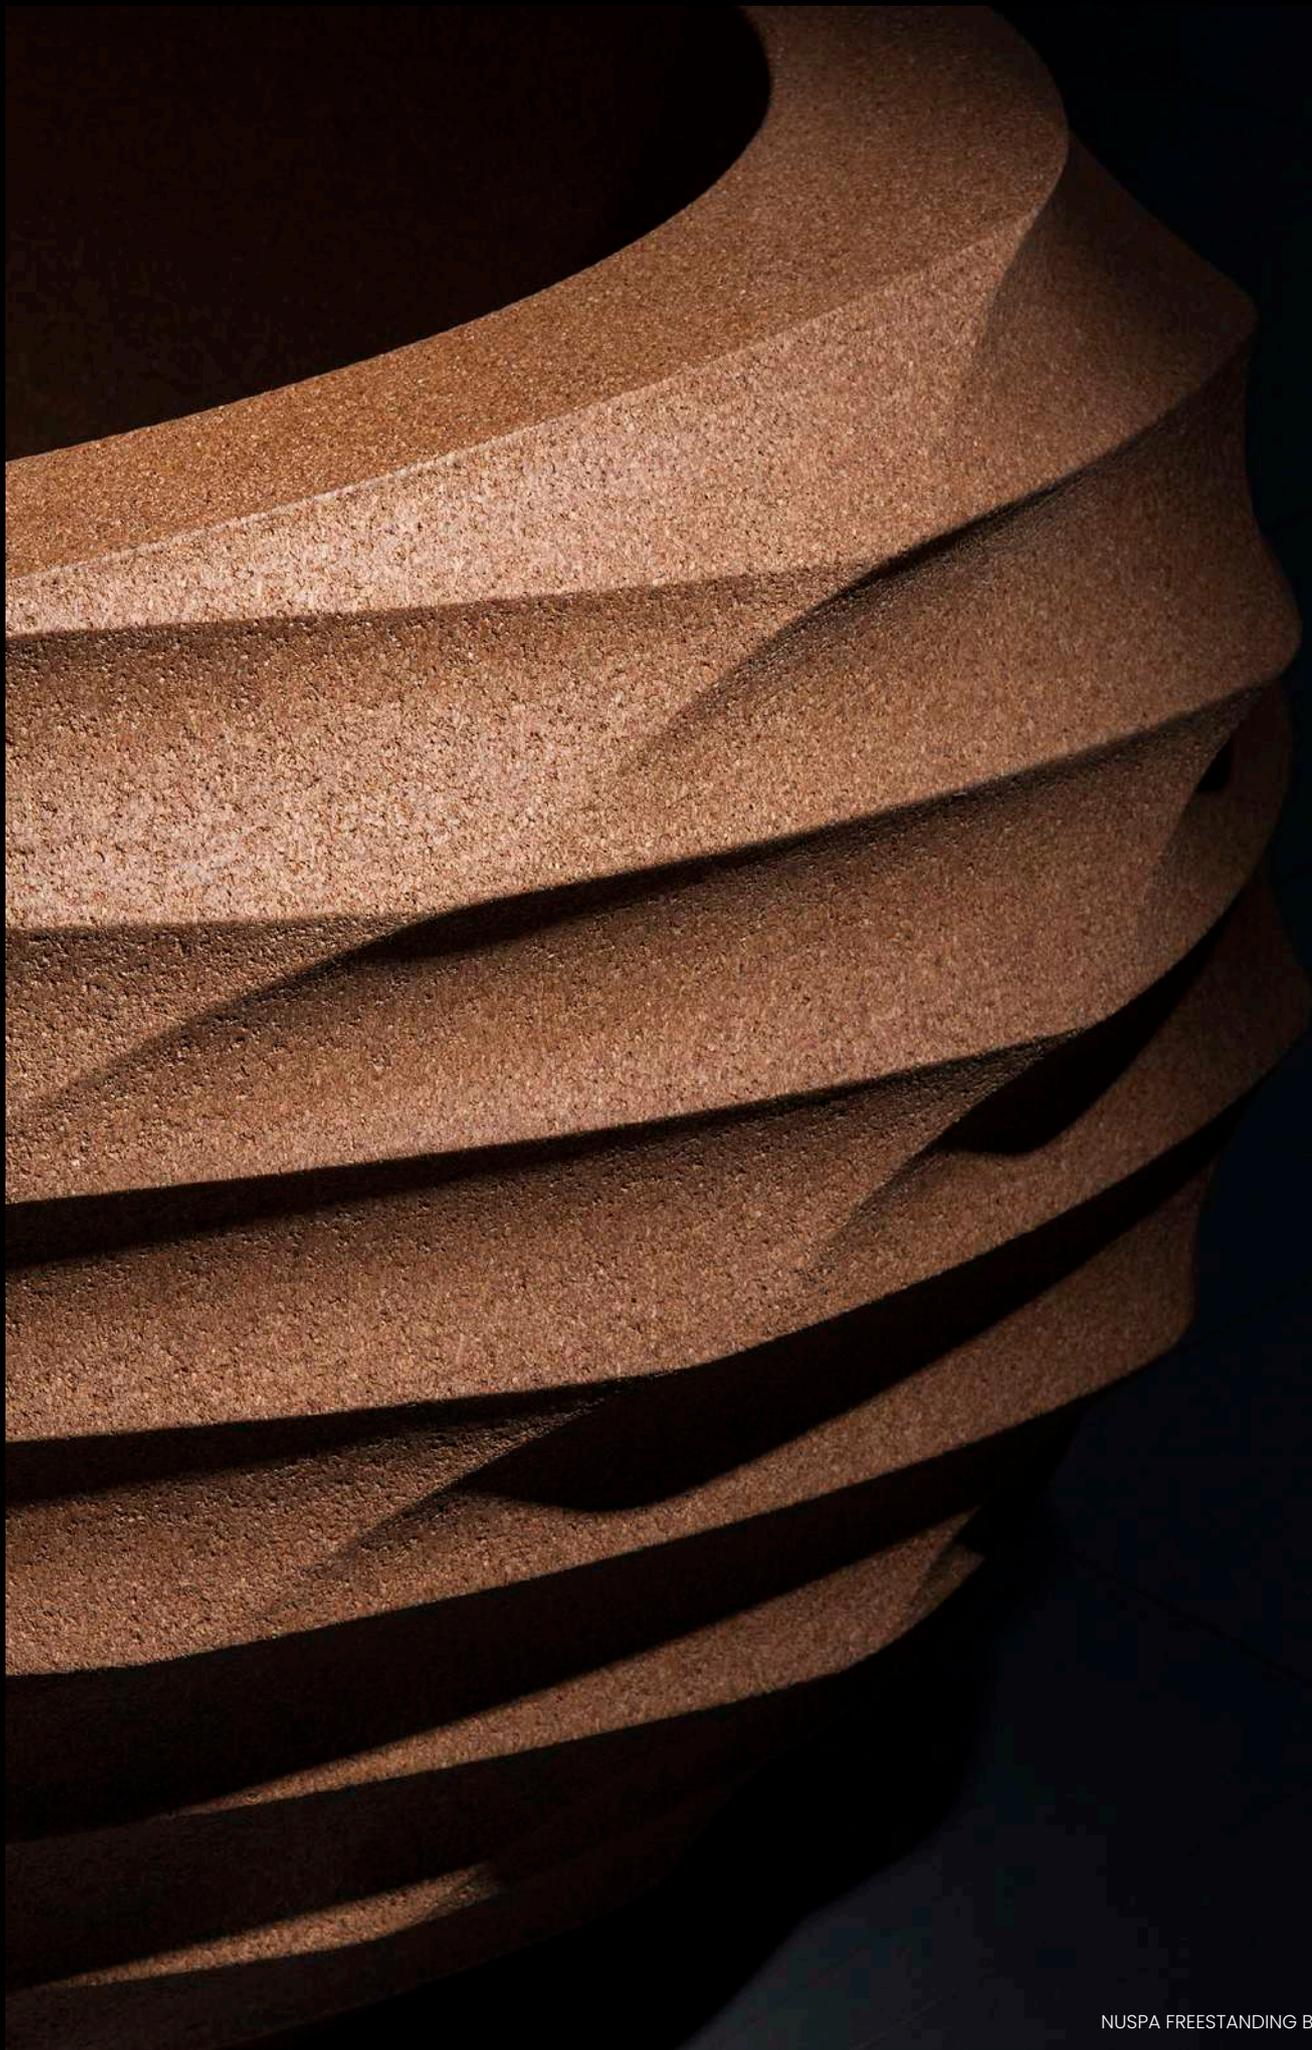

NuSpa redefines what can be done with cork, turning one of nature's most sustainable materials into luxurious bathroom objects - a stunning free-standing bath, washbasin, and stool. Machined from a solid block of agglomerated cork by a high-tech seven-axis robot, these designs break new ground in bathroom innovation. Cork's natural properties help to maintain water temperature, are slip-resistant and offer a softer and safer surface.

NuSpa bathroom objects are truly unique. This is the future of bathroom design, where sustainability, technology, practicality and elegance meet.
